Furniture

You found the
perfect view . . .

let us help you enjoy it!

AMISH MADE
IN IOWA

Furniture
that lasts a lifetime
& lets you relax and enjoy!

Our furniture is made of premium PolyTuf™ HDPE, a dense recycled plastic lumber, that offers many benefits over regular wood or treated lumber, especially for outdoor use. Virtually maintenance free, it not only looks great year-round in the harshest climates, but because it is recycled from plastic waste, it helps reduce our landfills!

Our Polywood Furniture offers these benefits:

- Very smooth to your skin - no splinters!
- No cracking or splitting
- No mold or bacterial growth
- Color mixed in and UV stabilized to resist fading
- No repainting, staining or waterproofing needed

POLYTUF™
PREMIUM RECYCLED PLASTIC LUMBER

Quality Materials Quality Craftsmanship

In addition to the poly-wood, our furniture is assembled using all rust resistant stainless steel hardware, glider arms, and swivels.

Many items have heavy-duty aluminum angles for support. For more information about the poly materials we use, visit www.tangentmaterials.com

Care & Maintenance

To maintain the beauty of your furniture:

Clean it regularly with water and non-abrasive soap.

Clean with cloth, soft bristle brush and warm water only.

Hot items placed directly on furniture may cause melting.

Flower pots or other items may stain polywood. We recommend you use protection and wipe up spills immediately to avoid stains.

Limited Lifetime Warranty

Yoder Polycraft Furniture will repair or replace products that fail due to manufacturing defects or material defects providing manufacturer inspection indicates that an original defect exists. All shipping and handling costs involved in the repair or replacement of item(s) shall be the responsibility of the customer. HDPE is a synthetic product and may scratch easily and may fade slightly when exposed to direct sunlight. It also may stain after direct contact for long periods of time with other substances. Some expansion and contraction are to be expected during changes in humidity and temperature. Due to this change, some slight effects in the operation of moving parts may occur. These shall not be considered defects in materials and workmanship, and are not covered under this warranty. Stainless steel fasteners may rust in certain conditions, such as coastal and high humidity areas if not maintained. This warranty does not cover rusting fasteners, and structural failure due to rusting fasteners. Damage caused by unauthorized service or repair, and/or alterations of this product, abuse, misuse, normal wear, or any attempt to use the product in a manner other than its intended purpose will not be covered under this warranty.

Hardware Specific Warranty Coverage

Glider arms are covered under its manufacturer's warranty policy with a 5-year coverage.
Swivels are covered under their manufacturer's warranty policy with a lifetime coverage.

Contact your local dealer for warranty claims.
